space  select region										

Left-hand text region specifiers:

q select-outside-quotes	d select-document	r select-justline	w select-word	b select-block
a select-borders	s select-wim symbol	h	t select-with-spaces	g select-org-table-cell
z select-content	x select-outside-pairs	m	c select-inside-pairs	v

Color corresponds to the type of expected argument:

- (Reserved key)
- (Prefix map)
- A region
- A search space
- A character
- No Argument
- First an enclosure, then a region
